

company profile

Established in Doncaster in 1972, PTE Plant Co is the oldest **hire** centre locally. We offer a huge variety of equipment for the construction and the landscaping industry. Our hire fleet ranges from excavators and dumpers through to a set of drain rods with much more in-between...

“The exceptionally high standards of our in-house workshops ensure that all our equipment is maintained in excellent condition resulting in quality hire time for you, our customer.”

Sales are a vital sector of PTE, including new and used plant, tools, consumables and safety equipment for construction, industry, landscaping, local authorities and more.... Authorised dealers for both world renowned Stihl and Husqvarna tools, our standards are high and we believe in what we sell. We also offer a range of other petrol and electric machines as well as lubricants, safety clothing, accessories, hand tools, gifts and much much more! Our showroom is packed with all types of tools and equipment. And as many a customer has been heard to exclaim, you'll feel

“like a kid in a sweet shop!”

Service lies at the heart of PTE. Being a family run business we provide personal service to each of you, our well respected customers, and are always prepared to go that extra mile. Machines are well maintained in our workshops to a high standard and you can be assured that we will do all we can to help you. Our servicing structure runs from annual servicing of plant on your site right down to the *while-you-wait* chainsaw chain sharpen, with much more in-between. Your machines will be cared for here, like they were our own.

our mission

“committed to top quality service”
